2015 In-service - Instructor Testing

We are excited to announce that instructors now have the ability to take individual topic exams prior to teaching via the NCJA in-service page.

As a reminder:

- Traditional Classroom:
Instructors must pass a written test on course materials requiring testing **PRIOR to teaching a block of instruction**. In order for the officer who is teaching to receive credit towards their own in-service requirement/credit, documentation that verifies passing the written test and includes their name on the course roster as the instructor should be on record with the training provider.
- On-line Training:
Instructors must take the course and pass the test in order to satisfy their own in-service training requirement and to administer the course in an on-line format.

2015 Instructor Updates

- The December 10-11 instructor updates course in Salemburg currently has 79 instructors registered to attend. There are still 21 remaining seats and they are filling quickly, so send in your application soon to secure your place.

As always, should you have any in-service questions or concerns please contact [Bill Dubois](#).
