## *The d/Deaf Sensitivity Training Class*

**Wake Tech Public Safety Campus**

**321 Chapanoke Rd., Raleigh, NC 27603**

**Wednesday, December 7, 2016 • 8am-12pm**

**-Wake Tech Coalition of Public Safety Agencies-**

**•Law Enforcement, Fire, Hospitals, EMT, Private Industry•**

**(Medical/nursing staff, personnel from schools, counties, cities & the state)**

Those who interact with the public need this training. It focuses on *key* sensitivity issues. This event is for elected officials, key administrative staff in H.R. as well as public safety personnel such as those with police, sheriff & fire departments, EMT, hospitals (health care), education professionals and leaders in private industry. The class changes lives forever.

***I NEVER GAVE THAT A THOUGHT!*** will help everyone understand the Deaf and Hard of Hearing (HoH) Community, and how to live and work together harmoniously. The class is about sensitivity and emotional issues that enable you to assist members of the public who are afflicted with a speech and/or any level of hearing loss. The deaf and hard of hearing population is greater in numbers than one might think. Based on statistics from state and federal agencies, approximately 10% of the population lacks some level of auditory and verbal acuity. Hearing loss is a life challenge that is often unrecognizable to the larger community. As such, those affected can, and do, face formidable barriers. The class brings out the emotional as well as the linguistic daily challenges of this misunderstood and often ignored population.

The seminar touches upon the guidelines outlined by the ADA (Americans with Disabilities Act) and instructs participants on understanding sensitive and rarely known issues. It assists with providing service to those who are Deaf or HoH. Participants gain an understanding and appreciation for life's challenges faced daily by those who are Deaf and Hard of Hearing. The seminar will enhance the life of every participant. You will be able to provide better service for those you serve. It is also *ju*
