

Tactical Training Certificate Program

Frequently Asked Questions

- ☐ **If I have instructor level certifications, but they have expired, will they count toward credit?**

No. All certifications must be kept current.

- ☐ **I have attended training that is similar to one(s) listed in the electives. May I receive credit for that elective(s)?**

No. Only courses listed in the program or specifically approved by the program coordinator will be given credit.

- ☐ **Who will be responsible for keeping up with my progress in the program?**

You will. At the time of your application, we will include your name in our files as a participant in the program. You will receive a letter indicating you have been accepted. From that point, you must keep track of your certificates as you receive them from each course you complete. Once you believe you have established enough credits to complete the program you will submit an Application for Program Completion to the program coordinator along with an official NCJA transcript and a copy of all certificates of completion for courses not administered by NCJA. Upon review of your transcript and certificates you will be notified of your eligibility to receive the program certificate.
